SPACES & CLIENTS NEEDS

OUR APPROACH:

Large internal space has an exceptional impact on our well-being and productivity, at the same time, smaller spaces create a real challenge, as we are equipped to deal with both situations professionally. We have coverage for services, if not all, but most interior design spaces for commercial, retail, hospitality, property, office, residential and much more.

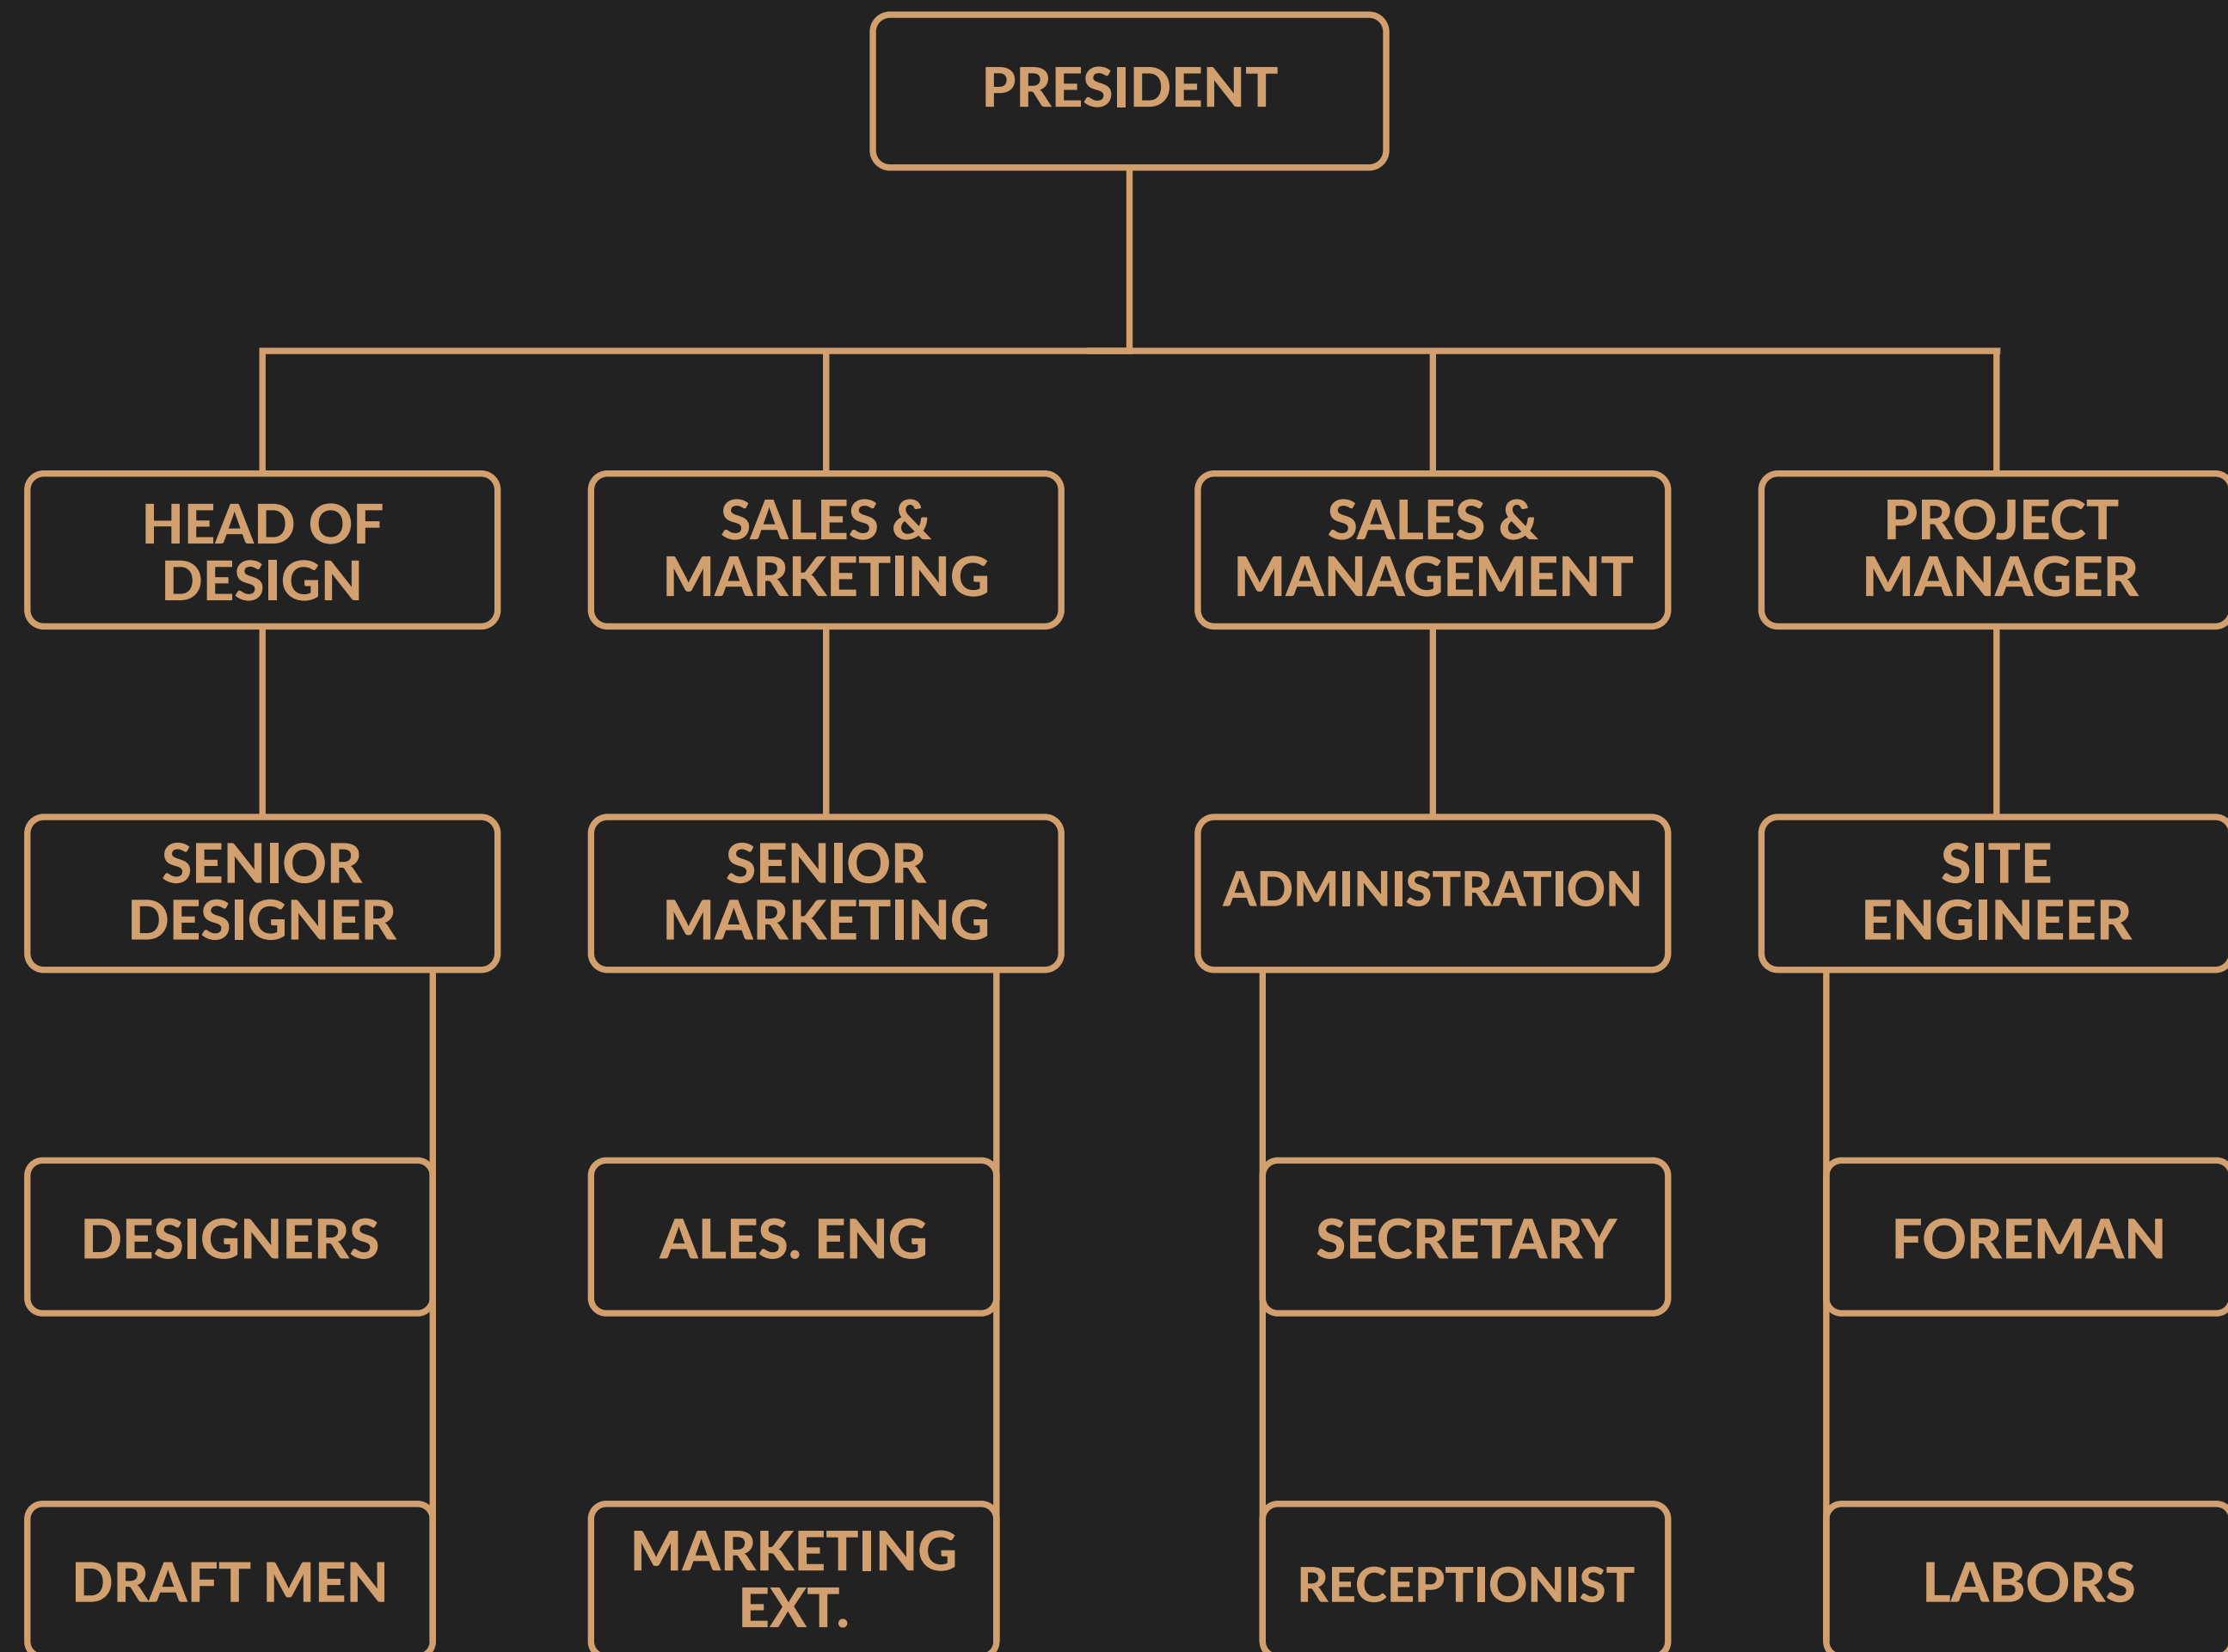

By definition, space planning is the allocation and division of interior space for the client needs and activities. how to place the furniture is an essential part of design process.

Moi design always gives priority to the client needs. upon starting the functional study allocating the requirements in the right positions, and repeating the exercise even with the ornamentals decoration piece. to insure that everything is aesthetically pleasing while still being usable.
